Name of Participant

SUB Krishan Singh  
(Retired)

## Candidate's Story

I am **Krishan Singh**, a retired Indian Army personnel with service number **JC-582547P**. After completing my service, I wanted to remain self-reliant and make productive use of my experience and discipline in civilian life.

To enhance my skills, I successfully completed the **DGR-PRC course in "Warehouse Supervisor"** at the **Institute of Entrepreneurship Development Project Office, Shimla**, from **June 10, 2024, to September 13, 2024**. The course provided valuable knowledge on warehouse management, supervision techniques, and business planning through expert guidance and guest lectures.

Inspired by this training, I started my own **agro-farming venture**, focusing on **organic turmeric cultivation**. I believe organic farming not only supports good health but also offers sustainable income opportunities. Along with turmeric farming, I am working on developing value-added products to increase profitability.

At present, my agro-farming business generates a monthly income of around **Rs 30,000 to Rs 35,000**, with an annual income of approximately **Rs 3.6 lakh to Rs 4.2 lakh**. This venture has given me financial stability as well as personal satisfaction.

I sincerely thank the **Institute of Entrepreneurship Development Project Office, Shimla**, and the **DGR-PRC team** for their support and guidance. The training played a crucial role in helping me build a successful and sustainable agro-farming business.
